had different ideas but are very happy with the final presentation.

COUNCILMEMBER Councilmember Ortiz expressed his appreciation for those working
ORTIZ on the Library project and stated that chairs selected look very nice.

MAYOR PRO TEM Mayor Pro Tem Burrola also thanked those involved in the project. He
BURROLA then asked when the project is scheduled to break ground, to which
Librarian Balli indicated that staff currently estimates that the plans
and specifications for the project will be considered by the Council in
November, after which it would circulate for bids. The project is
currently scheduled for completion by March 2026.

ITEM NO. 21B
SPEED HUMPS
POLICIES, GUIDELINES,
AND PROCEDURES

COUNCILMEMBERS
BRECEDA AND GARCIA
AND CITY MANAGER
MIRANDA

DIRECTOR CHAN

COUNCILMEMBER
ORTIZ

In response to a question by Councilmember Ortiz, Director Chan explained that the process can be quite lengthy due to the procedures outlined in the guidelines that staff must adhere to, which include a street assessment, law enforcement follow up, and a traffic study.

COUNCILMEMBER
GARCIA

Councilmember Garcia suggested the possibility of adopting an emergency ordinance to install speed humps where speeding motorists frequent and too few resident survey responses have been received. He noted that some streets have motorists performing "donuts" and generally causing problems in the neighborhood.

DIRECTOR CHAN

Director Chan stated that other traffic calming devices or strategies could be deployed depending on the circumstances, including conducting traffic education and employing additional police patrols.

FRED BARBOSA

Fred Barbosa suggested that speed humps be designed in a way to avoid affecting the availability of parking at street curbs. He suggested that surveys be sent to residents to gauge their interest in installing speed humps.

MAYOR PRO TEM
BURROLA

Mayor Pro Tem Burrola noted that residents of Hidalgo and Martinez streets have expressed concern regarding speeding vehicles, and voiced concern that the children of some residents play in the streets. He added that residents on Nora are also concerned about speeding vehicles.

MOTION

A motion was made by Mayor Pro Tem Burrola for a survey to be sent to residents of Hidalgo and Martinez Streets to gauge their interest in having speed humps installed.

COUNCILMEMBER
BRECEDA

Councilmember Breceda concurred with Mayor Pro Tem Burrola and advised that residents are concerned about speeding vehicles along Al Cruz Street in the middle of the night since there are no speed humps there nor are there vehicles parked there. He suggested possibly placing a decoy police vehicle at the street to deter speeders.

COUNCILMEMBER

Councilmember Ortiz noted that he has previously mentioned

ORTIZ	concerns from residents on Hidalgo and Juarez regarding speeding motorists and advised that surveys had previously been conducted, the results of which demonstrated that residents did not support speed humps. He suggested that the same process be undertaken again.
MAYOR PRO TEM BURROLA	Mayor Pro Tem Burrola also requested that the survey be included on the City website, to which City Manager Miranda stated that staff would look into the request, though he cautioned that having it on the website meant that any member of the public could participate in the survey, not just those living on the subject streets.
COUNCILMEMBER GARCIA	Councilmember Garcia suggested that the survey indicate that the Council does not wish to eliminate any parking availability, to which Mayor Pro Tem Burrola stated that he would prefer not to include the request in his motion.
DIRECTOR CHAN	Director Chan spoke about speed hump size requirements and how they are designed to avoid liability issues. He added that vehicles are generally not allowed to park next to speed humps, which may take some parking availability away.
CITY MANAGER MIRANDA	City Manager Miranda asked whether the curb could be painted red to avoid having individuals park their vehicles near speed humps, to which Director Chan advised speed hump designs usually include red curbs.
ASSISTANT CITY MANAGER OLIVARES	Assistant City Manager Olivares suggested moving forward with the motion, including the stipulation that the Engineering Department conduct its analysis and that a survey be conducted amongst the residents living on the subject streets to determine whether a separate process is necessary for the installation of speed humps.
MAYOR PRO TEM BURROLA	Mayor Pro Tem Burrola reiterated that his motion was for a survey to be sent to residents of Hidalgo and Martinez Streets to gauge their interest in having speed humps installed.
ROLL CALL	The above-mentioned motion was seconded by Councilmember Ortiz and was unanimously approved.
